The Premio EVO W DT Bibshort has been engineered to provide the ultimate in long-distance comfort and to be your favorite bibshort ever. That's a big claim, but there's a lot of research and development in this short to back it up. The seat pad is central to the Premio's exceptional comfort, and our top-of-the-line Progetto X² Air Seamless Donna pad is actually two separate components: a soft, stretchy Skin Care Layer next to your skin, which has the sole purpose of preventing any rubbing on your skin, and, under that, the Cushioning Layer, which features two separate densities of foam along with breathable perforated gel inserts under the ischia bones and perineum.

Comfort continues through the construction of the short, with reduced seams and only three panels. We engineered a new fabric that changes based on the needs of various parts of the body. The lower leg has a raw-cut leg ending and rubberized yarns to guarantee a flat grip to keep the leg in place. The fabric becomes lighter in the thigh, while the four-way stretch provides just the right amount of muscle support. In the pelvis area, the compression and support increase to keep the seat pad and everything else in place. At the back there's a thicker fabric to prevent any transparency issues. The premium fabrics extend to the bib straps. In droptail construction, the elastic straps are soft and stretchy to offer the perfect amount of support without being binding. We've finished off the Premio EVO W DT Bibshort with subtle logo placement that carries into the rest of our Premio EVO kit for a refined, modern look.

From your local training route to the world's toughest bike races, the Free Aero Race S W Bibshort was developed to meet the demands of the performance cyclist. When you swing a leg over a bike, the first thing you want out of your bibshorts is comfort. The Forza2 Stretch fabric molds to the body without constriction, allowing the fabric to move with every pedal stroke. The bib straps are kept lightweight and minimal while still being supportive, stretchy, and breathable to maintain a high level of comfort.

The silicone grippers at the leg endings keep the short in place right where you want it. And, of course, we've used our Progetto X² Air Seamless Donna seat pad so you can stay comfortable even on the longest training days. In the modern world of performance cycling, aerodynamics has quickly become one of the most important components. After countless hours in the wind tunnel, we've aero optimized the bibshort to give you a 3% decrease in CdA, making it the fastest Free Aero Race Bibshort we've ever created. This means every watt you produce can be used to make you go forward faster.

WOMEN'S JERSEYS

—

The name says it all. The Premio Evo W Jersey is designed for maximum comfort and performance. We've taken the technology and fabrics used in the Premio Bibshort and adapted them into the jerseys. Two separate stretch woven fabrics provide numerous benefits: great fit, excellent moisture management, maximum aerodynamics, light weight, durability, and a beautiful smooth finish with a premium feel. The sleeves have a ribbed construction like the Premio short for a snug but not tight fit and an exact color match. The recycled polyester stretch woven fabric on the body is lightweight, soft, perforated, and stretchy for an outstanding fit. It's excellent at wicking away sweat on those hot days. To finish the Premio Evo W Jersey, we've paid close attention to all the little details as well, such as the zipper pull and the gripper elastic. It's the perfect match to your Premio EVO W DT Bibshorts.

In the world of performance cycling, we seek out more watts and more speed from our equipment. Dressing for speed is one of the best ways to get faster, since 80% of the drag on a cyclist comes from the body. Drawing on more than a decade of innovation and knowledge in making professional riders faster, the Aero Race 8S W Jersey is the result of using the most modern methods and fabrics to create the fastest jersey we've ever made.

The S stands for "speed." The sleeve construction uses CFD engineering for optimal seam placement. The engineered ribbed shoulder fabric has been designed specifically for the greatest aerodynamic advantage at race speeds, with a CdA savings of up to 6% over previous aero jerseys.

The rest of the jersey is designed for maximum comfort. The body fabric is smooth and stretchy, allowing for a perfect fit, and it feels great against the skin. The elastic at the waist keeps the jersey in place while supporting the three back pockets when they are loaded. The Aero Race 8S W Jersey is the ultimate piece of equipment for helping to turn your watts into speed.

WOMEN'S ALL WEATHER PROTECTION

GABBA R W JACKET

4524576

SIZES	T ° RANGE
XS S M L XL	4-18 °C / 39-64 °F
WEIGHT	FIT
0 g	Race
WATERPROOFNESS	WINDPROOFNESS
Fully Waterproof	Front/Sleeves

The next generation of Foul Weather Race Equipment has arrived. The Gabba R is more protective and more aerodynamic than ever before. It's made to keep up with the demands of the pro peloton, where every watt counts. It's tested in the wind tunnel as our fastest jacket, so you know you aren't sacrificing any speed in order to stay dry.

Castelli exclusive fabric with a microporous electro-spun hydrophobic polyurethane membrane
The external membrane keeps it light and breathable while avoiding an external textile layer that holds moisture next to the membrane
The fabric weighs just 125gr /m2 and stretches to at least double the original dimension in each direction
The inner fabric backer is 78% polyester / 22% elastane to maintain the extreme stretch while enhancing breathability
The polyurethane membrane has been formulated to be more hydrophobic than standard polyurethane.
Stretch wrist closure to keep water out
YKK® Vislon® waterproof zipper
3 rear mesh pockets for drainage
Drop tail with reflective stripe
The membrane and entire fabrics are PFAS-free.

WINDPROOFNESS

Front and Back

This is the original jacket/jersey that started an entire new product class: the Gabba. It's a water-resistant short-sleeve jacket that's equally ideal for dry conditions. Made to be worn with our Nano Flex arm warmers, it allows you to keep your core warm without overheating.

The 5th generation of the Gabba, from the inventors of the Gabba

Now more water-resistant than ever
Castelli-exclusive GORE-TEX INFINIUM™
WINDSTOPPER® 205 Warm brushed water-resistant fabric on front-facing surfaces

GORE-TEX INFINIUM™ WINDSTOPPER® 203 Stretch on rear-facing surfaces for greater stretch and breathability

Taped shoulder seams for extra rain protection
Top- and bottom-opening YKK® Vislon® zipper for easy sliding, covered for additional wind and rain protection

3 rear pockets

Reflective panel at bottom of pockets

WATERPROOFNESS	WINDPROOFNESS
Fully Waterproof	Front and Back

The waterproof, packable jacket to take on all your rides. It's highly breathable and extremely light, with a great fit. Perfect to have if there is a chance of rain or if you just want extra protection on a long descent.

The lightest and most packable fully waterproof Castelli GORE-TEX® jacket
 GORE-TEX® waterproof fabric is fully waterproof yet offers unmatched breathability
 The entire lower back is in GORE-TEX® Topo stretch fabric to allow the jacket to expand in diameter if you have a few extra winter kilos or full pockets
 Reflective tape on back of both sleeves for high visibility in low-light conditions
 YKK® Vislon® waterproof zipper slides easily for ventilation adjustments
 Internal wrist gaiter seals wrist and integrates with glove to keep water out

SIZES	T ° RANGE
XS S M L XL	6-18 °C / 43-64 °F
WEIGHT	FIT
186 g	Regular
WATERPROOFNESS	WINDPROOFNESS
Fully Waterproof	Front and Back

The go-to jacket for rain protection, whether for all-day use or emergency use, since it easily stashes away in a jersey pocket. With discreet styling and 360° reflectivity, it can do double duty as a commute jacket.

- Deluge Light 2.5-layer waterproof fabric keeps rain off with 10,000 mm water column
- Slight amount of stretch for excellent fit in riding position
- Folds into half a jersey pocket for emergency situations
- Stuff pocket integrated into mesh vent at top of back
- Waterproof zipper and contrast seam sealing keep water out
- 360° reflectivity

PREMIO CORSA

Evolution of the record-breaking PR Speed Suit. Premio-based short portion for exceptional comfort and improved aerodynamics, especially in crosswind conditions. CFD and in-depth wind tunnel testing create the fastest triathlon racing suit, optimized for high speeds.

Made to be the fastest option for half- and long-distance triathlons

Significant aero benefits on the bike while providing comfort and cooling on the run

Premio-based short portion for seamless comfort and outstanding aerodynamics

50-denier upper-body fabric is the thinnest, smoothest fabric for light weight and maximum aerodynamics

Active cooling for the run, with moisture evaporating directly next to the skin

Silicone speed ribs on the sleeves induce turbulence to reduce drag on one of the most exposed parts of the body

Elbow-length sleeves and knee-length legs for maximum aerodynamics

2 rear pockets for ample nutrition storage

- Made to be the fastest option for half- and long-distance triathlons
- Significant aero benefits on the bike while providing comfort and cooling on the run
- Premio-based short portion for seamless comfort and outstanding aerodynamics
- 50-denier upper-body fabric is the thinnest, smoothest fabric for light weight and maximum aerodynamics
- Active cooling for the run, with moisture evaporating directly next to the skin
- Silicone speed ribs on the sleeves induce turbulence to reduce drag on one of the most exposed parts of the body
- Elbow-length sleeves and knee-length legs for maximum aerodynamics
- 2 rear pockets for ample nutrition storage
- KISS Tri pad

KISS^{TRI}

A true evolution of our best-selling suit
CFD-based fabric placement and seam construction
Engineered ribbed fabric on sleeves and shoulders to reduce drag at race speeds, with significant savings in CdA

Internal neck pocket for ice to keep body temperature down in hottest conditions

Bonded sleeve endings for comfort

Lightweight body fabric for optimal cooling, breathability, and comfort

2 rear pockets lie flat and prevent nutrition from bouncing around

Castelli's Sanremo front opening makes it easier to bend for cycling and straighten out for the run and swim, while also allowing for added ventilation on extra-hot runs

Leg portion in aero-optimized Forza2 Stretch fabric for maximum comfort and aerodynamic advantage

Silicone leg grippers to keep leg endings in place

KISS Tri seat pad that provides comfort on the bike and that you almost don't feel during the run

PROGETTO X²
SEAMLESS

Pro-level seat pad for maximum comfort. New seamless skin-care layer is softer against the skin and reduces abrasion. Separate saddle-shaped cushioning layer with progressive damping through high-density foam and gel inserts.

KISSair²

High-performance seat pad for all conditions. Single-piece construction with infinitely variable thickness. Updated with more supportive padding and a softer, stretchier fabric next to the skin.

KISSTRI

Specifically designed for the triathlete. Minimum bulk doesn't get in the way during the swim and run legs. Extra fast drying foam prevents chafing on the bike.
